N.S.S. HISTORICAL BACK GROUND

Ever since Independence there has been growing awarencess of the desirability of involving students in national service. The First, Education Commission (1950) Subsequently on the basis of suggestion made by the then Prime Minister Pt. Nehru, a committee was appointed Under the chairmanship of Dr. C.D. Deshmukh to prepare a scheme for compulsory National service by students prior to their admission for degree courses. Prof. K.G. Saiyidain who undertook a study of may be introduced on a voluntary basis. A similar recommendation was made by the Education Commission appointed under the Chairman ship of Dr. D.S. Kothari.

In April 1967, the conference of State Education Ministers recommended that at the University stage, student could be permitted to join the National Cadet Corps which was already in existence on a voluntary basis and an alternative to this could be offered to them in the form of a new programme called the National service scheme (NSS), Promising sportsmen, however, should be exempted from both and allowed to join another scheme called the National sports Organisation (NSO), in view of the need to give priority to the development of sports and atheletics.

The conference of Vice- Chancellors in September 1967 welcomed this recommendation and suggested that a special committee of Vice- Chancellors should be set up a examine this question in details. The details were soon worked out and the planning Commission sanctioned an outlay of Rs. 5 Crore for developing the NSS during the 4th Five year plan as a pilot project in selected 'Institutions and Universities'. In pursuance of these recommendations, the Ministry of Education introduced the National Service Scheme during 1969-70. The choice of the timing to its introduction was remarkably suspicious as 1969 was the birth centenary year of Mahatma Gandhi, the father of Nation to whom social service was almost a religion.

The response of students to the Scheme has been excellent. Starting with a strength of 40,000 in 1969, now it has reached a strength of 35 lakhs in the country.

NSS SYMBOL

The Symbol of the National Service Scheme, as appearing on the cover is based on the 'Rath' wheel of the Konark Sun Temple of Orissa. These giant wheels of the Sun Temple portray the cycle of creation, preservation and release and signify the movement in life across time and space. The design of the symbol, a simplified form of the Sun-chariot, wheel, primarily depicts movement. The wheel signifies the progressive cycle of life. It stands for continuity as well as change and implies on the part of the NSS for continuous striving for social transformation and upliftment.

NSS BADGE

The NSS symbol is embossed on N.S.S. Badge. The N.S.S. volunteer wear it while undertaking various community programmes of community service. There are 24 wheels in 'Rath' of Sun Temple of Konark. Each wheel has eight bars, which represents 8 pahars of day. Hence the badge remind the weares to be in readiness for service of nation round the clock i.e. 24 hours or 8 pahars. The RED colour in the badge indicates that the N.S.S. volunteers are full of blood, i.e. lively, active and spirited. The NAVY BLUE colour indicated the cosmos of which the NSS is a tiny part ready to contribute its share for the welfare of the mankind.

The need f systematic and organised youth work in schools and colleges by governme support of public funds started soon after independence. The programmes f under the following four categories:

A. Programmes for Student Youth:

Under this category, following programmes are conducted:

College level

(a) National Cadet Corps

- (b) National Service Scheme
- (c) Planning Forums
- (d) National Service Volunteers Scheme (for Graduate)
- (e) National Integration Samities
- (f) Women's Development Centres
- (g) National Literacy Mission

School Level

- (a) Junior National Cadet Corps
- (b) Scouting and Guiding
- (c) Aurobindo Bal Kendras

Out of all the above Programmes, the following programmes are import

a) National Cadet Corps

This was the first programme conceived on the eve of Independence primarily an educational goal by inculcating qualities of leaders personality through a systematic programme of elementary military general education and camps, It is a shared sheme between the Mit Defence and the State Education Department.

b) National Service Scheme

This was conceived an alternative to NCC Programme at college stage paucity of funds and lack of expertise the programme started with about students in 1969 and rose to cover 1.5 lakhs in 1973. This programmes essentially educational with camping programmes for the benefit community.

B. Programmes for Non-Student Youth

The important programme has recently been developed for non-student Nehru Yuvak Kendras. The programme is progressively being deve district headquarters. The four pointed programmes of non-formal economic of the state of the s

recreation, development of rural sports and general development are being promoted with the assistance of voluntary organisations, local bodies and participation of student youth for the benefit of non-student youth. At the national level the N.Y.K. Sansthan has been formed to coordinate these activities.

C. Programmes for Promotion of Sports

The two premier sports institute, one at Patiala and the other at Gwalior are playing leading role in the promotion of sports. Besides this, various Federations and Sports Councils are assisting the developing of sports. At the university stage, National sports organisation promotes excellency in sports.

ADOPTION

ADOPTION OF VILLAGE

- Adoption of a village is a very meaningful programme in NSS. It is for better to
 concentrate attention on one village or a rural unit and take up the challenging
 task of its all round development than to fritter away energy in too many
 locations which may not be completed at all or where the follow up action may
 not be accomplished. From this point of view, village adoption programme
 should ensure continuity of work vis-a-vis sustained action revaluation and
 follow up work.
- 2. As a step in this programme, it is necessary to establish contact with several villages and rural units which would help to select a village where Leadership is well developed. In other words selected a village with proper leadership is all the more important as the sustained follow up action and evaluation is doubly assured. To start with the NSS unit can take the help of the Block authorities District Panchayat Officer, District Tribal welfare Officer, D.M.O. and D.H.C and District Agriculture, Irrigation and education Officers for the selection c the village. It is to be noted that the village selected should be within a sho distance from the College so that there could be constant touch with it.
 - Before the programme and plan of action is drawn, it is absolutely necessary conduct a comprehensive survey of a few villages situated at a short distan from the college. This assistance and aid from the teachers and students Economics, Commerce, Statistics, Home Science, Psychology and Educati etc. have to be mobilized for the purpose.

4. On the basis of said survey the programme so prepared should cater for a agricultural, educational, socio-medical and health care and awareness at the villagers. Thus the village adoption programme could be carried out following three combinations:

i) Programme which can be taken up without NSS resources.

- ii) Programme requiring joint efforts of NSS volunteers and villagers.
- iii) Programme requiring involvement of out-side organizations voluntary and governmental.

ADOPTION OF SLUMS

A majority of colleges and the universities are located in urban habitation are deteriorating fast due to rapid urbanisation over crowding, lack of las well as other basic civic amenties and social services. Slums in toy cities offer a micro sample of all socio-economic problems that face the today. Therefore rapid urbanisation is also posing a problem and challenging area for work by NSS volunteers and teachers.

Some of the tasks which the students can engage in slum areas are as und

- a) As community Investigators:
 They can prepare brief community profiles on various slums in the city on different ammenities, services and living condition etc.
- b) As community workers:
 They can identify local leaders and in cooperation with them disciproblems on which cooperative action can be undertaken.
- c) As Programme Aids:
 Students can help the local community in launching a number of proglike organising a free milk distribution centre, sanitation drive, recreat and primary education, health care and nutrition classes, free legal a etc. They can also help in forming youth clubs, children groups, mahil etc.
- As Community Association Organisers:

 NSS students after establishing rapport with the slum dwellers, ca community associations to tackle local problems on a group basis wi on local resources, self help and mutual aid and with some minimu assistance.

The above is only an illustrative list of the type undertaken. Under the programme it would be open to each NSS Unit to undertaken. Under the programmes of any other activity which may seem derest one or more of those programmes of any other activity which may seem derethem according to local needs. The NSS Unit should aim at the indevelopment of the area selected for their operation which could be a villa urban slum. It has also to be ensured that at least a part of the programme does manual work by the campers.

NSS DAY

It has been decided that 24th September every year would be observed NSS Day by all universities/colleges when special programmes would be orguiting local needs and priorities.

In addition to the main activity of holding blood donation camps and veri of blood groups, following are some of the other suggestive activities which coundertaken by the NSS Units on the NSS Day.
